Dear Ken:

Bradford Scott Data Corporation would like to take this opportunity to thank you for an evening of fun (and clean) entertainment during our corporate event held at the Radisson Hotel in Merrillville, IN on August 26-27, 2003. Our conference this year was the largest and most successful ever in our history and our customers enjoyed your comedy immensely. Several customers continued to talk about your jokes the next day. Your impersonation of Harry Carey was incredible. We would recommend your comedy show to anyone and have already contacted Funny Business about the possibility of engaging you for our 2003 Holiday Party. Keep up the excitement.

Sincerely,

Bonnie S. Doolittle
