RE: 2005 Company Holiday Party

Dear Ken:

It was a pleasure to meet you and have you entertain at our Holiday Party. Your sense of feel for the audience was outstanding. Construction workers can be a tough audience. The teasing of staff will be remembered and carried on throughout the year. You were well received and poured out a gamut of humor for all types of people.

I think a great time was had by all and you were the talk of our staff in the field, operations and administration. It was great to see the administration and field laughing together.

Thank you for your outstanding performance!

Sincerely,

Cyndi L. Dalga
Executive Assistant
